

POINT6 HEALTHCARE

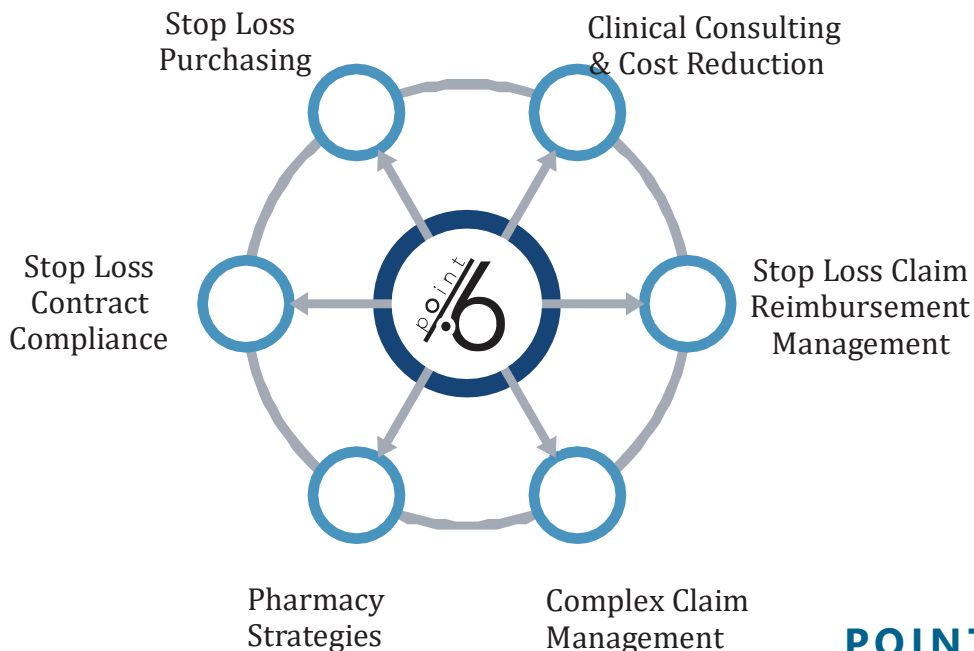

Defined by expertise. Driven by results.

Employers require a new and different attention to risk in today's large and complex claim environment. Point6 Healthcare is a specialty practice that is dedicated to impacting the 0.6% of claims that drive 35% of your self-funded client's medical and pharmacy spend each year.

The Point6 approach to risk management integrates stop loss placement, clinical consulting and cost reduction, and claim reimbursement management. Our team mitigates volatility in your stop loss program by leveraging risk financing strategies and applying our clinical expertise to optimize your stop loss contract and reduce your cost.

The Point6 Impact: Reduced Claim Costs, Better Stop Loss Purchasing

- Improved stop loss program performance with integration of clinical consulting and large and complex claim management.
- Purchasing for clients of all sizes.
- Clients maintain the flexibility of an individual contract.
- Gapless coverage and best in market pricing and contract terms.
- Alternative risk and care financing strategies are leveraged to reduce overall plan costs and exposure.
- Best practice consulting and contracting for PPO and RBP plans.

0.6% of employee population accounts for 35% of employer healthcare expenditures
